### Women on Board: Finding Your Voice as a Volunteer Leader Customized Workshop

Since 2005, The Atlanta Women's Foundation has provided a variety of customized trainings for corporate and community partners. We work with clients to create a curriculum and delivery methods specific to our client's needs. AWF will also provide "On Board" Workshops that are open to women and men.

Women on Board: Finding Your Voice as a Volunteer Leader is a 3-hour training that covers the following topics:

- The Nonprofit Sector: Facts & Myths
- Nonprofit Trends
- The 10 Responsibilities of a Nonprofit Organization's Board of Directors
- Financial Oversight
- Governance vs. Management
- Strategy Development
- Developing & Approving Strategy

Participants that complete the training will gain access to our Women on Board portal. This online tool provides participants with the opportunity to search for board service or volunteer opportunities and make direct contact with nonprofit organizations.

#### Workshop Fees
